Disclaimer for LIVE Classroom Access

Dear Parents,

We are pleased to offer LIVE access to classrooms as a part of our commitment to transparency and enhancing the learning experience. However, we kindly request you to review the following disclaimer:

1. **Purpose:** The LIVE feed is provided to keep parents informed about their child's learning environment. It is strictly for observation purposes and not for recording, sharing, or misuse in any manner.
2. **Privacy:** The feed includes visuals of other students, teachers, and classroom activities. Parents are expected to respect the privacy of all individuals and refrain from any form of unauthorized distribution or public sharing.
3. **Limitations:** The LIVE access is designed to show the classroom environment and may not capture all details, interactions, or conversations. Technical issues may occasionally disrupt the service, and the school is not liable for such interruptions.
4. **Non-Interference:** Parents are requested not to use the LIVE feed to engage directly with teachers or students during classroom hours. Any concerns or queries should be addressed through appropriate communication channels outside class time.
5. **Usage Policy:** Misuse of LIVE access, including but not limited to recording, unauthorized sharing, or inappropriate behavior, may result in the suspension of this privilege and could be subject to legal action.

By accessing the LIVE feed, you acknowledge and agree to abide by these terms. This initiative is aimed at fostering trust and collaboration, and we appreciate your cooperation in maintaining a respectful and supportive environment for all.

Thank you for your understanding.

Warm regards,
JumpStart EduCare
